
HPI-3010

Protocol Converter

Replace the matrix printer on your Universal Station with a standard USB laser printer

A Proven Alternative for Your Honeywell TDC 3000 Printer...

The HPI-3010 Protocol Converter is a USB version of the HPI-3000 Protocol Converter - the printer interface for Honeywell Universal Stations which has been sold by WPC since 1996. The HPI-3010 lets you replace the Honeywell matrix printer on your Universal Station with Hewlett Packard-compatible USB printers. Choose from many USB HP LaserJet or DeskJet printers compatible with HP's PCL3, PCL5, or PCL6. Take advantage of the low cost, high quality and reliability of today's best printers to enhance your Honeywell Universal Station.

A Simple, Hardware-Only Solution...

The HPI-3010 connects to Universal Stations using a standard serial cable (25-pin cable supplied with the unit). The printer connects to the HPI-3010 using a standard USB cable (also supplied with the unit). Power is provided by a standard 9V adapter plugged in to a 110VAC or 240VAC outlet (different adapters for each application).

For LaserJet, DeskJet, and narrow-carriage matrix printers using 8½" x 11" or A4 size paper a compressed font is used to accommodate the narrower width.

Fast, Reliable, Affordable...

The protocol translation introduces absolutely minimal time delay to the printing process. The time required to generate a printout is governed by the Universal Station and the speed of the printer you choose. For example, a complex screen print to a typical laser printer takes about 45 seconds.

The HPI-3010 is based on a simple, rugged, trouble-free design that has developed a reputation for reliability in the field.

The HPI-3010 is your most versatile, cost-effective USB alternative to the original matrix printer offered by the manufacturer.

Verified printers: HP LaserJet P2055dn, P20135n, P2035, 1320, P2015dn, M401n, M451n and M5035 MFP. HP Photosmart C6200 inkjet, Epson FX2190, Dell 3330dn, HP Officejet Pro X451dw.

Guaranteed...

If for any reason you are not satisfied with the product, return it within 30 days for a full refund. Product limited warranty - one year from date of shipment.
